PROFESSIONAL SUMMARY

Aspiring Web Developer with hands-on experience building responsive and scalable web applications using React.js, Next.js, JavaScript, Tailwind CSS, Node.js, Express.js, and MongoDB. Seeking an opportunity to contribute to real-world projects, strengthen my development skills, and grow within a professional software development team.

SKILLS

Frontend : HTML, CSS, JavaScript, React, Next.js, Tailwind CSS

Backend : Node.js, Express.js, MongoDB

Tools : Git, GitHub, Vercel, VS Code, npm, Netlify, Canva, Figma, REST API

PROJECTS

TutorHive — Tutor Booking System

[LiveDemo](#) / [Client-Side](#) / [Server-Side](#)

A full-stack tutoring platform that connects students with qualified tutors, enabling tutor discovery, session booking, flexible scheduling, and personalized learning management.

Key Features

- Developed tutor browsing and booking functionality with subject, expertise, and availability-based discovery.
- Implemented role-based functionality for students and tutors, including session management and responsive dashboards.
- Integrated secure authentication and user management.

Technologies

Next.js/React.js · Tailwind CSS · Node.js · Express.js · MongoDB · Firebase · JWT · Axios

Ticketora — Online Ticket Booking Platform

[LiveDemo](#) / [Client-Side](#) / [Server-Side](#)

A full-stack online ticket booking platform that enables users to discover and book bus, train, and flight tickets through a streamlined digital booking experience.

Key Features

- Developed ticket booking, cancellation, and booking status management workflows.
- Implemented role-based features for Users, Vendors, and Admins.
- Integrated Stripe Checkout for secure online payments and transaction tracking.
- Built vendor ticket management and responsive user interfaces.

Technologies

Next.js · React.js · Tailwind CSS · Node.js · Express.js · MongoDB · Better Auth · Stripe · Axios · REST API · Vercel

NextGen Edu — Online Learning Platform

[LiveDemo](#) / [Client-Side](#)

A modern online learning platform designed to help students discover courses, enroll in learning programs, and access educational resources through an intuitive and responsive interface.

Key Features

- Developed course browsing and enrollment functionality with organized course information and learning resources.
- Implemented student-focused interfaces for exploring courses and managing learning activities.
- Built responsive and user-friendly UI for seamless learning experiences across devices.

Technologies

Next.js/React.js · Tailwind CSS · JavaScript · Node.js · MongoDB · Better Auth · Axios

EDUCATION

Barguna Polytechnic Institute, Diploma in Engineering - Computer Science & Technology

LANGUAGES

Bangla [Native] | English [Comfortable]
